

# Skin Script FAQs Page

## **Do you test the products on animals?**

No, ingredients and products are only tested on humans.

## **Do you use any ingredients derived from animals?**

While we do not harm animals in the making of our products, some do contain ingredients such as lactic acid or yogurt (derived from milk), or honey. For a list of vegan products, please scroll down the page.

## **What is the shelf life of the enzymes?**

All enzymes are good for one year after opening, EXCEPT the Lemon Zest enzyme which is 2-3 months.

## **What is the shelf life of the masks?**

One year after opening.
